

FROM THE DESK OF DAVID L. SCHUTZER

Introducing Wage Labor to the !Kung

You are members of the Cambridge film group that has over the past 20 years, produced and marketed various film studies of the *!Kung* Bushmen. By selling and renting these films [such as *The Hunters*, *Busmen of the Kalahari*, *N!ai: The story of a !Kung Woman*] to colleges, the media and private groups, your group has earned hundreds of thousands of dollars in royalties. And the income is still coming in.

Your group has been asked what should be done with the money. Specifically, will you share the royalties with the subjects of the film, and, if so, how will you distribute it? You have approximately 20 minutes to make and justify your recommendation to the governing board of the film company. You will have 3 minutes to present your recommendation to the board
